

The background of the entire page is a soft, painterly illustration of various flowers. Large, detailed roses in shades of pink and light red are scattered throughout, along with several large, multi-petaled peonies in pale yellow and cream tones. Green leaves with subtle shading are interspersed among the blooms. The overall aesthetic is romantic and elegant, with a light, airy feel.

SAVPO
SAVREMENA POSLOVNA OBRADA

Savpo je porodično preduzeće sa tradicijom dugom 29 godina. Svaka nova godina u našem preduzeću nosi sa sobom novi izazov u kom pokušavamo da se popnemo jednu stepenicu više na lestvici uspeha.

Savpo je prvenstveno štamparija koja raspolaže najsavremenijim mašinama u oblasti ofset i digitalne štampe. U našem dizajn studiju možete dobiti celokupno grafičko rešenje i pripremu za svaku vašu ideju. Od 2005. godine raspolažemo CTP uređajem na kom vršimo i uslužno osvetljavanje ofset ploča.

Savpo prati trendove u oblasti štampe i dorade kako bi zadovoljio potrebe i najzahtevnijih klijenata. U prilog tome govori i činjenica da pored ISO standarda 9001 ispunjavamo sve zahteve najobimnijeg BSCI standarda kao i Sedex-ovog Smeta IV Pillar standarda.

Svake godine u našem preduzeću se obavlja Smeta IV Pillar audit kako bi SAVPO potvrdio svoje članstvo u Sedex grupi.

Posebnu pažnju posvećujemo izradi školskog pribora. Trudimo se da svake godine školarcima ponudimo dobar kvalitet svesaka, blokova za crtanje, vežbanki, bojanki, kreativnog materijala i ostalog školskog pribora. Kako bi dopunili asortiman artikala koje proizvodimo, 2012. godine smo počeli sa uvozom ICO programa, njihovog brenda Creative kids koji se može pohvaliti odličnim drvenim bojicama, flomasterima, četkicama, temperama, voštanim bojicama, uljanim pastelama... Kao i čuvenog brenda SAX i kvalitetnog i pristupačnog brenda Boxer.

Osim školskog bavimo se i štampom kancelarijskih obrazaca i poslovnih knjiga, time smo našu veleprodaju zaokružili celokupnom ponudom kancelarijskog materijala.

U našoj veleprodaji kupci-knjižari mogu, pored svih naših proizvoda, da odaberu i školski i kancelarijski pribor najpoznatijih proizvođača kao što su Giotto, Staedtler, Maped, Stabilo... po povoljnim uslovima.

Iako je putni program italijanskog brenda Dielle prisutan na našem tržištu preko 10 godina Savpo je prvi zvanični uvoznik ovog brenda za našu zemlju. Celokupni putni program i poslovnu galanteriju izuzetnog kvaliteta i najsavremenijih materijala (Polietilen, polipropilen, policarbonat) na koju dajemo garanciju, možete pronaći u veleprodaji i maloprodajnim objektima Savpo-a.

SAVPO je zvanični uvoznik i distributer španskog programa Miquelrius.
